

Proposed conservation of the specific name by retention of the neotype of
***Glossophaga morenoi* Martínez & Villa, 1938 (Mammalia, Chiroptera): case closed**
(Case 3318; see BZN 61: 134)

Sergio Ticul Álvarez-Castañeda and Alejandro M. Maeda-Martínez (*Centro de Investigaciones Biológicas del Noroeste, La Paz, Baja California Sur 23090, México*) submitted a proposal to conserve the specific name of *Glossophaga morenoi* Martínez & Villa, 1938 for the murciélago siricotero (Moreno's Nectar Bat) (family PHYLLOSTOMIDAE) by retention of the neotype. The neotype retains its status in the absence of original type material under Article 75.8 of the Code. The case is now closed.

International Commission on Zoological Nomenclature. 2006. "Proposed conservation of the specific name by retention of the neotype of *Glossophaga morenoi* Martinez & Villa, 1938 (Mammalia, Chiroptera): Case Closed (Case 3318; see BZN 61: 134)." *The Bulletin of zoological nomenclature* 63, 83–83.
