

OBSERVATIONS ON THE FLOWERING TIMES AND HABITATS OF SOME VICTORIAN ORCHIDS.

By C. FRENCH, JUN.

(Read before Field Naturalists' Club of Victoria, 10th June, 1895.)

As many members of the Field Naturalists' Club have from time to time asked for information regarding the flowering times and localities of Victorian orchids, I desire to submit a list of my observations, extending over nine years, in the hope that they may be of some use to lovers of these interesting plants.

The flowering time of our native orchids varies but very slightly, according to the seasons. My father, in volumes i.-iv., 1884-88, of the *Victorian Naturalist*, described the Victorian Orchideæ then recorded, with the best modes of cultivating them, and although he gave many localities, as well as the flowering times, since then our knowledge in these respects has been considerably extended. I desire to express my thanks to Baron von Mueller for his kindness in naming the specimens, and for other information afforded me.

This list comprises about 72 species, the total number of species of orchids found in Victoria, according to Baron von Mueller's "Census of Australian Plants," being about 90. It is hoped, therefore, that other members of the Club will, at some future time, make the list complete by recording their observations as to localities and times of flowering of the few remaining species.

To avoid too much repetition I give first a systematic list with habitats, using such obvious contractions in the names of places as Chelt. for Cheltenham, Oak. for Oakleigh, Dand. for Dandenong, Sand. for Sandringham, H'ville for Healesville, And. Ck. for Anderson's Creek, &c., and then a monthly calendar of the flowering time of each species, alphabetically arranged according to the genus.

ORCHID.	LOCALITIES.
SARCOCHILUS	
parviflorus, Lindley	Yarragon, Dandenong Ranges
DIPODIUM	
punctatum, R. Br.	Box Hill, Croydon, Healesville, Anderson's Creek, Greensborough
GASTRODIA	
sesamoides, R. Br.	Box Hill, Croydon, H'ville, And. Ck., Dand. Ck., Moondara
SPIRANTHES	
Australis, Lindley	Cheltenham, Frankston
THELYMITRA	
ixioides, Swartz ...	Box Hill, Croydon, Oak., Dand. Ck.
epipactoides, F. v. M.	Sandringham, Cheltenham
aristata, Lindley ...	Sand., Chelt., Box Hill, Croyd., Werr.

THELYMITRA—*continued.*

<i>longifolia</i> , Forster	Werr., Box Hill, Spg. Vale, Dand. Ck.
<i>carnea</i> , R. Br. ...	Box Hill, Blackburn, Croyd., Spg. Vale
<i>flexuosa</i> , Endlicher	Spring Vale, Croydon
<i>antennifera</i> , Hooker	Sandringham, Cheltenham
<i>Macmillani</i> , F. v. M	Oakleigh, Castlemaine, Bendigo

DIURIS

<i>punctata</i> , Smith ...	Dandenong Ck., Spring Vale, Berwick
<i>maculata</i> , Smith ...	Sand., Chelt., Box Hill, Berwick
<i>pedunculata</i> , R. Br.	Sand., Chelt., Spring Vale, Dand. Ck.
<i>sulphurea</i> , R. Br....	Albert Pk., Sand., Chelt., Frank., Berwick
<i>longifolia</i> , R. Br. ...	Sand., Chelt., Oakleigh
<i>alba</i> , R. Br.	Box Hill, Upper Murray

ORTHOCEAS

<i>strictum</i> , R. Br. ...	Sandringham, Cheltenham
<i>strictum</i> (var.) ...	Sandringham, Cheltenham

CALOCHILUS

<i>Robertsoni</i> , Bentham	Oak., Spg. Vale, Berwick, Moe, Croyd., Upper Murray
-----------------------------	--

CRYPTOSTYLIS

<i>longifolia</i> , R. Br. ...	Sand., Mord., Oak., Lilydale, H'berg, Greensborough
<i>leptochila</i> , F. v. M	Dandenong Ranges, Mt. Mueller

PRASOPHYLLUM

<i>Australe</i> , R. Br. ...	Healesville, Moondara
<i>elatum</i> , R. Br. ...	Sandringham, Cheltenham
<i>patens</i> , R. Br. ...	Werribee, Sand., Chelt., Dand. Creek
<i>fuscum</i> , R. Br. ...	Werribee, Dandenong Creek
<i>nigricans</i> , R. Br. ...	Sand., Chelt., Croydon
<i>despectans</i> , Hooker	Box Hill, Frankston
<i>alpinum</i> , R. Br. ...	Mt. Mueller, Mt. Hotham
<i>Archeri</i> , J. Hooker	Oakleigh, Frankston, Croydon
<i>intricatum</i> , C. Stuart	Frankston
<i>Frenchii</i> , F. v. M.	Spring Vale, Dandenong Creek
<i>Dixoni</i> , F. v. M. ...	Oakleigh

MICROTIS

<i>porrifolia</i> , R. Br. ...	Studley Pk., Albert Pk., Sand., Chelt., Box Hill, B'field, Werribee, &c.
<i>atrata</i> , Lindley ...	Cheltenham, Oakleigh

CORYSANTHES

<i>pruinosa</i> , Cun'gham	Sand., Chelt., Mordialloc
<i>unguiculata</i> , R. Br.	Oakleigh

PTEROSTYLIS

<i>concinna</i> , R. Br. ...	Sand., Chelt., Carrum, Frank., Oak., Queenscliff, &c.
<i>curta</i> , R. Br.	Sand., Chelt., Oak., Dand. Ck., B'field, Box Hill
<i>acuminata</i> , R. Br.	Sand., Oakleigh

PTEROSTYLIS—*continued.*

<i>nutans</i> , R. Br. ...	Sand., Mord., Oak., Dand. Ck., Drouin, Moe, Lilydale
<i>pedunculata</i> , R. Br. ...	Sand., Chelt., Dand. Ck.
<i>nana</i> , R. Br. ...	Sandringham, Cheltenham
<i>cucullata</i> , R. Br. ...	Sand., Chelt., Mord., Frank., Dand. Ck., Beaconsfield
<i>cucullata</i> , var. <i>alpina</i>	Dandenong Ranges
<i>præcox</i> , Lindley ...	Cheltenham
<i>obtusa</i> , R. Br. ...	Anderson's Creek (Warrandyte)
<i>parviflora</i> , R. Br. ...	Sand., Chelt., Oakleigh
<i>barbata</i> , Lindley ...	Sandringham, Cheltenham
<i>mutica</i> , R. Br. ...	Dunolly, Upper Murray
<i>rufa</i> , v. <i>Mitchelli</i> , R. Br.	Anderson's Ck., Pine Mt. (Up. Murray)
<i>longifolia</i> , R. Br. ...	Sand., Oak., Dand. Ck., Berwick, Box Hill, Croydon
<i>vittata</i> , Lindley ...	Sandringham
<i>aphylla</i> , Lindley ...	Sand., Chelt., Oakleigh
<i>grandiflora</i> , R. Br.	Cheltenham
<i>pedaloglossa</i> , Fitzg.	Cheltenham, Sandringham, Oakleigh
<i>Mackibbini</i> , F. v. M.	Queenscliff

CALEYA

<i>major</i> , R. Br. ...	Oakleigh, Spring Vale
---------------------------	-----------------------

ACIANTHUS

<i>exsertus</i> , R. Br. ...	Sand., Chelt., Mord., Oak., Q'cliff
------------------------------	-------------------------------------

CYRTOSTYLIS

<i>reniformis</i> , R. Br.	Sand., Chelt., Mord., Oak., Q'cliff
----------------------------	-------------------------------------

LYPERANTHUS

<i>nigricans</i> , R. Br. ...	Sand., Chelt., Oakleigh
-------------------------------	-------------------------

<i>Burnettii</i> , F. v. M.	Frankston, Oakleigh
-----------------------------	---------------------

ERIOCHILUS

<i>autumnalis</i> , R. Br.	Sand., Oakleigh, Box Hill, Croydon, Lilydale, Healesville, &c.
----------------------------	---

<i>fimbriatus</i> , F. v. M.	Sandringham, Cheltenham
------------------------------	-------------------------

CALADENIA

<i>Menziesii</i> , R. Br.	Sand., Chelt., Spring Vale
--------------------------------	----------------------------

<i>Patersoni</i> , R. Br.	Sand., Frankston, Spring Vale, Q'cliff, Bendigo, Wodonga, &c.
--------------------------------	--

<i>latifolia</i> , R. Br. ...	Sand., Chelt., Mordialloc
-------------------------------	---------------------------

<i>latifolia</i> , v. <i>alba</i> , R. Br.	Sandringham
--	-------------

<i>suaveolens</i> , Reich.	Croydon, Upper Murray
----------------------------	-----------------------

<i>carnea</i> , R. Br. ...	Werr., Berwick, Pakenham, Dand. Ran., Anderson's Ck., Plenty River, &c.
----------------------------	--

<i>coerulea</i> , R. Br. ...	Sandringham, Cheltenham
------------------------------	-------------------------

<i>deformis</i> (var.), R. Br.	Sandringham, Cheltenham
--------------------------------	-------------------------

<i>deformis</i> , v. <i>alba</i> , R. Br.	Sandringham
---	-------------

<i>Cairnsiana</i> , F. v. M.	Healesville
------------------------------	-------------

<i>testacea</i> , R. Br. ...	Box Hill, Croydon
------------------------------	-------------------

CHILOGLOTTIS

- diphylla, R. Br. ... Oakleigh
Gunnii, Lindley ... B. Hill, Doncas., And. Ck., B'field, Werr.
Gorge, Myrniong, Mt. Blackw'd, &c.

GLOSSODIA

- major, R. Br. Sand., Chelt., Mord., Spg. Vale, Box Hill, &c.

CALENDAR OF FLOWERING TIMES.

JANUARY.—*Cryptostylis leptochila*, *C. longifolia*, *Dipodium punctatum*, *Spiranthes Australis*.

FEBRUARY.—*Chiloglottis diphyllea*, *Cryptostylis leptochila*, *C. longifolia*, *Dipodium punctatum*, *Prasophyllum alpinum*, *Spiranthes Australis*.

MARCH.—*Chiloglottis diphylla*, *Cryptostylis leptochila*, *Eriochilus autumnalis*, *Prasophyllum alpinum*, *Pterostylis grandiflora*.

APRIL.—*Eriochilus autumnalis*, *E. fimbriatus*, *Prasophyllum Archeri*, *P. despectans*, *P. Dixonii*, *Pterostylis acuminata*, *P. aphylla*, *P. curta*, *P. grandiflora*, *P. nana*, *P. obtusa*, *P. parviflora*, *P. pedaloglossa*.

MAY.—*Acianthus exsertus*, *Eriochilus autumnalis* E. fimbriatus, *Prasophyllum Archeri*, *P. Dixonii*, *P. intricatum*, *P. nigricans*, *Pterostylis acuminata*, *P. aphylla*, *P. curta*, *P. nutans*, *P. parviflora*, *P. pedaloglossa*, *P. præcox*, *P. vittata*.

JUNE.—*Acianthus exsertus*, *Corysanthes pruinosa*, *C. unguiculata*,
Cyrtostylis reniformis, *Eriochilus fimbriatus*, *Prasophyllum*
Archeri, *P. Dixoni*, *P. intricatum*, *P. nigricans*, *Pterostylis*
aphylla, *P. barbata*, *P. concinna*, *P. curta*, *P. Mackibbinii*,
P. nana, *P. nutans*, *P. parviflora*, *P. pedaloglossa*, *P.*
præcox, *P. vittata*.

JULY.—*Acianthus exsertus*, *Corysanthes pruinosa*, *C. unguiculata*,
Cyrtostylis reniformis, *Lyperanthus Burnettii*, *Pterostylis barbata*, *P. concinna*, *P. curta*, *P. longifolia*, *P. Mackibbini*,
P. nana, *P. nutans*, *P. pedunculata*, *P. præcox*, *P. vittata*.

AUGUST.—*Acianthus exsertus*, *Caladenia carne*, C. Patersoni,
C. testacea, *Caleya major*, *Calochilus Robertsoni*, *Corysanthes pruinosa*, *Cryptostylis longifolia*, *Cyrtostylis reniformis*, *Diuris longifolia*, *D. pedunculata*, *D. sulphurea*, *Hyperanthus Burnettii*, *Microtis porrifolia*, *Pterostylis barbata*, *P. concinna*, *P. cucullata*, *P. cucullata*, var. *alpina*, *P. curta*, *P. longifolia*, *P. nana*, *P. nutans*, *P. pedunculata*, *P. præcox*, *P. rufa*, var. *Mitchelli*, *P. vittata*, *Thelymitra Macmillani*.

SEPTEMBER.—*Caladenia carneae*, *C. coerulea*, *C. latifolia*, *C. Patersoni*, *C. testacea*, *Caleya major*, *Calochilus Robert-soni*, *Cyrtostylis reniformis*, *Cryptostylis longifolia*, *Diuris longifolia*, *D. maculata*, *D. sulphurea*, *D. pedunculata*, *D. punctata*, *Glossodia major*, *Lyperanthus nigricans*, *Microtis*

atrata, M. porrifolia, *Prasophyllum elatum*, P. Frenchii, P. patens, *Pterostylis barbata*, P. concinna, P. cucullata, P. curta, P. longifolia, P. mutica, P. nana, P. nutans, P. pedunculata, P. præcox, *Thelymitra antennifera*, T. aristata, T. carnea, T. epipactoides, T. flexuosa, T. longifolia, T. Macmillani.

OCTOBER.—*Caladenia Cairnsiana*, C. carnea, C. cœrulea, C. deformis, C. deformis, var. alba, C. latifolia, C. latifolia, var. alba, C. Menziesii, C. Patersoni, C. suaveolens, *Calochilus Robertsoni*, *Chiloglottis Gunnii*, *Cryptostylis longifolia*, *Diuris alba*, D. longifolia, D. maculata, D. pedunculata, D. punctata, D. sulphurea, *Gastrodia sesamoides*, *Glossodia major*, *Hyperanthus nigricans*, *Microtis atrata*, M. porrifolia, *Prasophyllum Australe*, P. elatum, P. Frenchii, P. fuscum, P. patens, *Pterostylis barbata*, P. concinna, P. cucullata, P. curta, P. longifolia, P. mutica, P. nana, P. nutans, P. pedunculata, P. rufa, var. Mitchelli, *Thelymitra antennifera*, T. aristata, T. carnea, T. epipactoides, T. flexuosa, T. ixoides, T. longifolia.

NOVEMBER.—*Caladenia carnea*, C. deformis, C. Menziesii, C. Patersoni, C. suaveolens, *Caleya major*, *Calochilus Robertsoni*, *Chiloglottis Gunnii*, *Cryptostylis longifolia*, *Dipodium punctatum*, *Diuris longifolia*, D. pedunculata, D. punctata, D. sulphurea, *Gastrodia sesamoides*, *Glossodia major*, *Microtis atrata*, M. porrifolia, *Orthoceras strictum*, O. strictum (var.), *Prasophyllum Australe*, P. fuscum, P. patens, *Pterostylis cucullata*, var. alpina, P. pedunculata, P. rufa, var. Mitchelli, *Thelymitra antennifera*, T. aristata, T. carnea, T. flexuosa, T. ixoides, T. longifolia, *Sarcochilus parviflorus*.

DECEMBER.—*Caleya major*, *Calochilus Robertsoni*, *Chiloglottis Gunnii*, *Cryptostylis leptochila*, C. longifolia, *Dipodium punctatum*, *Gastrodia sesamoides*, *Microtis porrifolia*, *Orthoceras strictum*, *Prasophyllum Australe*, *Pterostylis cucullata*, *Sarcochilus parviflorus*.

EGG-SHELLS OF ECHIDNA AND OTHER VERTEBRATES, by R. Neumeister ("Zeit. Biol.", 1894, 31, 413-420).—The egg-shells of *Echidna aculeata* (*E. hystrix*) consist of a keratin-like substance containing 5 per cent. of sulphur. It is, however, digested neither by gastric nor by pancreatic juice. Some other keratins are similarly resistant. In invertebrates the organic basis of egg-shells is chitin or some other skeletin. Keratin appears to be only present in the egg-shells and membranes of vertebrate animals. In the frog only has mucin been described. The eggs of some birds and reptiles are briefly referred to in this connection. Calcium carbonate is the principal inorganic constituent.—*Jour. Chem. Socy. Abs.*, 1895, lxviii., 54.

French, Charles Hamilton. 1895. "Observations on the flowering times and habitats of some Victorian orchids (read ... 10th June, 1895)." *The Victorian Naturalist* 12, 31–35.
