AN ALBINO *VIOLA* ROSTRATA.—In a large collection of plants from northern New York, Mrs. Orra Parker Phelps includes a beautiful white-flowered form of the ordinarily lilac- and violet-flowered *Viola rostrata*. The albino which formed a colony of more than one hundred plants is quite as striking in its departure from the normal form of the species as *V. cucullata*, forma *albiflora* Britton, and *V. pedata*, forma *alba* Britton. It may be called

VIOLA ROSTRATA Pursh, forma **Phelpsiae**, n. f., corollis albidis.—NEW YORK: beech woods, Pierrepont, May 20, 1914, *Orra Parker Phelps*, no. 699 (TYPE in Gray Herb.).—M. L. FERNALD.

Vol. 17, no. 200, including pages 145 to 160, was issued 6 August, 1915.

Fernald, Merritt Lyndon. 1915. "An albino *Viola rostrata*." *Rhodora* 17, 180–180.
