

A NEW NAME FOR *AGERATINA POCHUTLANA* B.L.TURNER

B. L. Turner

Plant Resources Center
The University of Texas at Austin
Austin, Texas 78712
billie@uts.cc.utexas.edu

Phytologia 91(3): 439 (December, 2009).

The recently described *Ageratina pochutlana* B.L. Turner (*Phytologia* 90: 359. 2008) is illegitimate because of the earlier *A. pochutlana* B.L. Turner (2006). This is a lapse, no doubt occasioned by my aging forgetfulness. The two taxa are both from the Distrito Pochutla, but belong to different subgenera of *Ageratina*: the earlier to subgenus *Neogreenella*, the latter to subgenus *Ageratina*.

The following is proposed for the superfluous name:

Ageratina lapsensis* B.L. Turner, *nom. nov.

Based upon *Ageratina pochutlana* B.L. Turner, *Phytologia* 90: 359. 2008.

Not *Ageratina pochutlana* B.L. Turner, *Lundellia* 9: 3. 2006.

It should be noted that the day of collection on the type specimen of *A. lapsensis* should be 11 Mar instead of 3 Nov (a misrepresentation of 3/11 in my original reading).

Turner, B. L. 2009. "A new name for *Ageratina pochutlana* B. L. Turner." *Phytologia* 91(3), 439.
