so much the government would  
raise <sup>by sale</sup> to that amount rather than  
lose ~~in~~ in such a barbarous (in the eyes  
of the Prussian government) place  
as America. I am not unfrequently  
asked whether our lectures are in  
English or German by intelligent  
people. I have, also, been asked if it

schaft Verein. Several professors were  
there. No fire, the windows all open and  
every one, prof. and all, smoking and  
drinking beer. The essay for the  
evening was on beer. The prof. retired  
at half past ten, and paid for their  
~~beer~~ at the door - Beta a glass. A few  
students stayed and sang horribly.  
Remember me to Mrs. Long who I wrote
