

by an early report
& I will send you good specimens in
flower & fruit as soon as the tedious
process of drying them is accomplished.
Perhaps you would like some roots
for cultivation.

Yrs. very truly,
Thos. C. Porter

Dear Professor,

With all yr. endeavours
the new edition of the M
a list of Addenda will, I
necessary. If so, & not too
oblige me by giving place to
interesting Sedum, discovered
Saturday, May 18, by Dr.
On the Pennsylvania side
Delaware river, 15 miles,
there is a range of hills
2 miles long & about 200 ft.
of the identical red sand
valley of the Connecticut,
the numbered footprints of
In fact, Prof. Chas. Hitchcock
with us, detected several
during our excursion. The
northern with flats on the
side of the river. On the
cliffs are narrow beaches
which the water is now in
considerable quantity, hav-
