

The Shaw School of Botany,

William Trelease,

Professor in Charge.

St. Louis, Mo., 11 / 24 1886.

Dear Dr. Gray:

Do not let the reprint work annoy you, but stop it when the quarrel is reached. I will be with you about two years, probably for the balance of the winter, at any rate long enough to finish up "copy" for the troublesome parts. I should be sorry to see the smaller notes dropped, but we can talk that over when I reach Cambridge.

As to expenses: - I showed, of course, like to save my traveling expenses, but knowing that we must exceed the original estimate of publication cost, I think we had best save the item of expense of editing.
In haste,

Wm. Trelease.

Enclose you copies of *Thalictrium* paper for Hooker & Standolle, when you are sending.

Trelease, William. 1886. "Trelease, William Nov. 24, 1886." *Asa Gray correspondence*
