

Dear Mr. Watson:

Can you tell  
Ginda angustifolia,  
published? See Just's Jahrb.  
i. 395, line 11. Have you  
the position of Glossopetalon  
73? I confess the 20-star  
Nevada (Gray) - which did a  
monstrosity - inclined me  
ence to Rosaceae; but I  
as much much for affinity  
that plant G. Grayi?

2/1/89.

Yours, Chas. C.

Trelease, William. 1889. "Trelease, William Feb. 1, 1889 [to S. Watson] [postcard]." *Asa Gray correspondence*
