Prof Asa Gray

My dear Sir

Your letter respecting
the *Rhododendron* is rec^d. I am glad
that you decide to publish it.

My son writes that it was collected on the
summit of a balsam mountain, about 7 miles
S. W. from Webster, Jackson Co. N. C. about
June 3^d 1878. He does not state the size
of the bushy, but I will write and enquire.

Your card is rec^d this A. M. and I have
put up a specimen of the *Panicum* and
sent to Mr. Munro, with a promise of some
other grasses which I would like him to see

over

Truly Yours Geo. Vasey

other near as exact to it

Asa,
