

be named. The one by
Prof. James the other by Dr.
Vasey.

T. F. Allen M.C. of
New York has been working
up my Charas and with
me I have a number of
new species.

At times James I have
got all these things sent to
you but work presses heavily
on me in winter.

As soon as convenient
I would like your opinions
on the new (new to me) plants
I send as I want to embody
them in my report.

I send Post Office Order in this.
Yours truly, Dr. Mann

My dear Sir,

The books have arrived
and I am delighted with
them. They will be a great
acquisition to me in working
up the botany of the West
coast.

In the package I sent
you are a number of new
things from the Express Hills
that are very interesting whether
they be new or not as they
are certainly rare north of
Lat 48. In the next package
I send I shall put all the
grasses and mosses - a goodly
number but these will be
