

GEOLOGICAL & NATURAL HISTORY SURVEY.

Alfred R. C. Selwyn B.L.D., F.R.S., Director.

MUSEUM & OFFICE, SUSSEX ST. OTTAWA.

April 17th 1884

My dear Sir,

Your note was received
a few days since and gave
me much satisfaction.

During the coming summer
it is possible our son will be
in the Rocky Mountains and
should he be you may expect
good specimens of *Angelica*
Cawsoni.

I hope with your assistance
and Dr. Gray's to get our botany
in proper shape in the course of a
few years and as I work the ground
over I purpose doing it so thoroughly

that all additional work will be
added to the general stock without
having to go over the same ground
again.

I shall make ^a ~~an~~ ex-
amination into our species of
Pinus the coming summer and
hope to send you good specimens
of all our forms next autumn.

Very truly yours
John Macmillan

Macoun, John. 1884. "Macoun, John Apr. 17, 1884." *John Macoun letters to Asa Gray*
