

be wanted, I take the opportunity I to ask
if you would be so kind to make a note
of them. I am very convinced that you have
seen some place from a foreign country so well
collected as proving to good material for good
determination.

If you see Mr. Engelmann I beg you to
kindly find not only my great obligations for
the beautiful collection of fresh American he
has been kind to send me, but also to be kind
kindly remember me in future also.

Bring Mrs. Gray my and my wife's sin-
cere compliments and believe me for ever

Yours most obliged

N. J. Anderson.

Hochstetern 16 Octob. 1869.

Dear Sir!

How greatly disappointed I and my wife
were to hear that we should not longer
hope to see you and Mrs. Gray here in
our home! This chance gone, all is
gone! How happy we ^{have} been, to
show you our country, to make some
small excursions and to give you some
remembrance from people thankful to
you!

But will there really be any hope
left to us, that you will make another

visit to Europe, and to our northern
country?

If so: a hearty welcome I bring
You.

My eyes are again unto God! much
rejoiced, and I am now working more than
at any time during this Year. Dr.
Hooker no doubt has informed You that
I will take up the *Chrysogonum*, which
I studied now 12 years ago at the Mus.
Jum. et Herbar. Dr. Hooker, with
his usual liberality and friendship, has

promised, that I may have these plants
from the New Botanic. How happy
if You also would give me some
contributions for Your own collection.

As to the Cuba plants a person now
is engaged in making a list for numbering
the Griseb. I am very sorry that I did not
know it before, for the affair with Roemer
who will be paid immediately. - What of
plants from you regarding you may possibly get
for us I will be most thankful.

We have got just now from a very worthy
man living in Brazil, Dr. Rymer, whom
you are well acquainted with. As Rymer wishes
that his collection may as soon as possible

Andersson, N. J. 1869. "Andersson, Nils J. Oct. 16, 1869." *Asa Gray correspondence*
