

Wilmington Sept. 30<sup>th</sup> 1879

Dear Dr. Gray

A couple of weeks or  
more since I got a letter from  
Cheeseman (New Zealand) announcing  
the sending of a lot of plants to  
me. I read his letter hastily &  
did not notice a note of a small  
package for me. Two or three days  
since the box came and as I was  
packing at the time I took the  
bundles out and passed right through  
in the order in which they came  
& hand. Afterwards struck with there  
being so many duplications in the  
last bundle I examined it and  
found your address on the cover  
and now forward it by express. I  
believe I have not "mixed them children  
up" but have sent you yours just as

they came; but I regret that by my inadvertence I laid violent hands upon your property even though I now remorse it. You must be merciful and try and remember that I have saved you the prisoning!

I am quite taken with Blessemus' specimens and with the New Zealand Moa.

All well with us chance to be long

Yours sincerely  
John M. Bentz
