My Dear Dr. Gray

I have no memorandum of what
Wright Orchids were: as I distin-
guished them among their genera as soon
as determined I sent their names to
you without keeping a copy. I
shall be happy to give you an ac-
count of them if you will copy out
I return me my list.

I had been very glad to buy
Fendler plants: but alas! the
loss of £500 a year from the Anti-
cultural Society crippling me I
forbid my thinking of buying col-
lections for the present.

I shall send you even the
comb. of *Lotia Cuscutacea*,

Dr Asa Gray
Cambridge
Boston
U.S.

in which I have worked up Stelis
a dreadful genus, of which I think
more than many species.

If you have a worn specimen
of Acrida I wish you wd feel
thrust any parcel that may
come, as I have mislaid my
copy of the genus and want
to study it.

Very truly yours
Wm Lindley
