Dear Mr. Brace

The *Phryganea* of  
Galapagos is the  
*P. stowata*, Id. Hook. Zil.  
Galap. in Linn. Trans. —

But a form with more spatulate & retuse leaves. — If you do not want it returned I should like to send a part of it to Dr. Hooker, on account of its peculiarities.

Yours very faithfully  
A. Gray

I am in a good deal  
killed up with bad face.  
A.G.
