

Professor Oliver

Cambridge. 18 Jan^y. 1872
Dear Prof. Oliver.

By this time you have
my letter apprising you
of safe arrival of Valuable
Cases of Hb. Benth. & Hook
Plants pr. "Iris."

The trouble was that the
advice was sent only by the
vessel herself, and she was
very long a coming.

Thanks - have I sent them
already? - for your report on
some San Diego & Wright plants.
Thanks now for what you have
done ~~at~~ with Mr. Cooke about
Wright's Cuban Sierrigi, so
long on hand - which is very
satisfactory. I settle with
Wright accordingly.

I doubt if I advised
Thwaites about the parcel of
(mostly) Colorado plants. I can
throw no light on the fate of
the parcel, except that, if
addressed to Thwaites it may
have been sent from Washington
direct to India via Bombay.

If the plants reached
you minus address to
The waiters, the plants will
be known by having for
the most part a printed
ticket, "Golden City, Colo=
rad, Edward L. Greene."

The part of I canes Pl.
by post is at hand. —
All right. Bentham will
keep account with me for
the same, and I will settle
with ^{my} Haberman there for.

Sincerely Yours

Asa Gray
