Dr. W. B. Farlow :- Cambridge, Mass.

Dear Dr. Farlow :- We have received a pkg of American Algae and are very grateful for the fine lot of specimens which fills a gap in our herbarium. In your letter of the 18th you mentioned a pkg of foreign algae and one of New England Lichens which I have not yet seen, although I judge from your letter that you intended that they should be included in the same package.

At last we are having some warm weather here.

Yours sincerely
J. J. Davis
