

NEW YORK,

Oct. 29, 1889

My Dear Dr. Watson:-

I thank you sincerely for your offer to pay for the missing numbers of the *Icones*. But I do not think that will be necessary. I will order them, and it is not a great matter.

As to the *Eleocharis* matter, I can see but one species in the American *E. interstincta* lot, as in *E. mutata*. *E. acuminata* I get from Mr. Clarke as the equivalent of *compressa*, and I am following his results in my Cyperaceous studies as closely as I can.

Very Truly Yours,  
N. L. Britton.

Britton, Nathaniel Lord. 1889. "Britton, Nathaniel L. Oct. 29, 1889 [to S. Watson]." *Asa Gray correspondence*
