

COLUMBIA COLLEGE HERBARIUM.

NEW YORK,

Jan. 21 1898.

My Dear Dr.:

Many thanks for your note. All right. I want Wheelock to inspect your Polygalas, as he has those of the several herbaria. Let us have both U.S. and Mexican bundles if you please.

And while you are sending if you will add Xyris to the box, I shall be glad including those of Tropical America.

I think you will have a visitation from Mrs. Britton next week. I have long been planning to come to Cambridge but since Dr. Newberry's illness can hardly get away from the shop at all.

Yours very truly,
W. C. Britton
