

710 Shubrooke, St.,
Munich, Feb. 19th 1892

Dear Mr. Deane.

I've once asked me for autographs & botanicals. I have the following duplicates which I will be glad to exchange with you if there are any of them you desire.

Sir W. Dawson, Dr. Leopold Reppel, Dr.
Charles Muir, Dr. H. G. Reichenbach, Prof.
John Maclean, Dr. E. Reyer, Dr. Th. W.
Gries, Dr. B. D. Halsted, Dr. George Henslow,
A. H. Curtis, Dr. George M. Dawson, Prof.
L. W. Bailey. As you are engaged in
teaching young ideas how to grow, I
would like to ask if you know of any
good families in Cambridge with whom
I could place my boy next year while
he attends day school. If he could
receive private instruction at the
same time, it might be desirable.
He is now eleven and one-half years
old and at present is attending school
in Cambridge under his mother's

Supervision, but another year, and
until he has prepared for College,
I intend to have him stay in
Cambridge by himself if we can find
the right kind of place for him to
live in. I have one or two places
in view but they are not in all respects
what we might desire.
Kind regards to yourself and Mrs. Deane.

Very cordially yours
W. D. Chandler
