

Jan 28-

Dear Mr. Collins

I am glad you  
enjoyed my "Notes" -  
Small as they are -  
Prof. Sargent says such notes  
are of value, as the Botany  
of the future will be  
different from that of  
the past. That is an  
encouragement. Hurrah  
for the "underground parts"!  
Oh yes. I got my  
Catalogue all right.  
Went a little of the  
Mt. Desert. Monticello?  
I have come to spare.  
I had just heard from  
W.W. Thine W.D.
