

My dear Mr. Rollins,

Just after mailing your  
letter this morning I received the  
circulars you so kindly sent me.  
I thank you very much for them.  
I was especially interested to see  
the *Polytrichum* Key. I believe it  
answers my letter to you, and that  
the specimen which I sent to you  
is the real *P. commune*. I did not  
realize it grew in such wet places.  
The Astro Day program is very

nice. I have nature friends who  
were delighted to see the one you  
sent me last year and I shall  
pass this along.

Thanking you again for all  
I am

Yours very sincerely  
Elizabeth M. Dunham.
