

Dear Mr. Collins:!

Thank you most heartily for the bundle of Woodsia glabella which duly reached me in good condition. The quantity will serve nicely to prove its existence in Maine and I have a good sheet of the species from it representing the fern itself.

Thank you also for the promise to remember me in the future.

I only regret my inability

to return the favor in the
line in which you are
especially interested.

Most Cordially
William A. Eaton
