

Cambridge,
Jan. 24,
1903

Dear Mr. Collins,
What do you
call the enclosed
common meass? I
presume it is common
at Providence as it
is common at Sharon.
I thought that I knew
what it was but I
am perplexed because
I have an amblyst-
gum adustum
from Groot which

appears to be this but
the fruit is not
that of adnatum.

Yours, truly
W. G. Harlow

" ? *Hymenophyllum*

Farlow, W. G. 1903. "Farlow, William G. Jan. 24, 1903." *James Franklin Collins correspondence*
