Nov. 15, 1903.

Dear Mr. Collins,

I am greatly obliged  
for your notes on the P. myosuroides.

I am sorry that my letter was  
the cause of so much work  
on your part and am much  
obliged to you for your offer  
of the sketches you have made  
but I will not trouble you to

send them to me since the opinion  
expressed in your letter is quite  
sufficient. The species is, I think,  
a good deal more common in  
N.E. than is generally supposed.

Yours, truly

W. G. Farlow.
