Washington D.C. Mar 13

Dear Prof. Collins

In answer to
your card of Mar. 11, I would say
that for our purpose, the specimens
that we need for study, to de-
termine range, as we have little
from R.I., are those from that
State. I am enclosing a frank.
I shall be glad to identify and
label any other Panicums you
have from the Western Hemisphere
but on account of limited funds
I cannot undertake to pay trans-
portation, unless the amount is small
enough to frank. I enclose a second frank.
Panicum will include *Syntherisma* ^{the} ~~the~~ ^{and}
