

THE PINES, BLUE HILL,  
READVILLE, MASS.

4 Jan 1897.

Dear Mr. Collins.

Please accept my  
thanks for the list  
of Mrs. Britton's articles  
in the Observer and  
I shall try to get  
them. I have the  
1896 Nos. complete.

I thank you for  
your kind offer  
of help in my Moss  
Studies & shall be  
glad to avail

myself of the privilege,  
+ shall be glad to  
be of any assistance  
to you, if my  
materials to the  
Cambridge collection  
may be useful to  
you.

I send you for the  
College Herbarium  
a specimen of  
*Seligeria calcarea*  
B.S.P. from  
Welloughby St.  
It is a rare thing  
in the U. S. having  
been found so far

as I am able to learn only  
at our apostles Columbia D.  
by full report. I got a letter  
last June + shall hope to  
find more next summer.

Very truly yours  
Geor. G. Hensley
