

Readville Mass

10 April 1901

Dear Collins,

I send you
some very peculiar
Atrichum from
Katahdin. I wish
you could find
time to examine it
perhaps two things
are there,

I don't feel much
like studying it at
present. I send
you half of all I
collected and I
have no data
as to location
it was growing with
some *Polypodium*.

I have not looked at
my Katakden mosses
since I saw you at
the club.

I am sorry I have to
spare my eyes so much.
Let me hear from you
at your convenience.

Yrs B. G. K
