July 12, 1913.

Dear Collins:

When you have a few minutes of spare time, will you write me about the distribution of Ilex opaca and I. glabra in your State? I have been interested in tracing this out in my travels in eastern & southern Massachusetts, & may be able to make a note for Rhodora. I am off for Maine Monday - Roque Bluffs for two weeks, then Farmington. I hope you are having

a good summer. and  
finding much of interest

most sincerely,

C. H. Knowlton
