

GEOLOGICAL SURVEY OF CANADA,
DEPARTMENT OF MINES.

A. P. LOW, DEPUTY MINISTER.

Ottawa, 8th April, 1908.

Dear Mr. Collins,

I have delayed answering your letter of February 24th because I did not know how many plants I should be able to get out for your herbarium this spring. I can tell you now, however, that the number will not exceed eight hundred sheets, probably not so many. My father and I will both be working in the west next summer, he on Vancouver Island and I in northern Saskatchewan, and in both places we hope to secure many interesting and rare specimens.

Very truly yours,

gmmacm

Curator of the Herbarium.
