GEOLOGICAL SURVEY
R.W. BROCK, DIRECTOR.

Ottawa, 8th April, 1910.

Dear Prof. Collins,

Continuing my distribution of Canadian plants I have sent you by mail to-day in five parcels 450 species. A few of the western plants had been sent you before but from localities widely distant from those represented in previous sendings. I shall not be able to distribute any more specimens until next winter.

Very truly yours,

G. M. Macoun.

have had the account made out
in my wife's name.*
