

Cambridge, Mass.,

16 Sept. 1888.

Dear Mr. Collins:

Mr. Rand tells
me that there are
now over 600 sub-
scriptions to the
proposed journal of
the N. E. Club, so that
its publication is
assured upon that
score.

They are now collect-

ing appropriate subject matter for the early issues. Can you not send us some bryological notes or some corrections or additions to your state flora, or observations upon any of the recently "segregated" species?

Cardially yours,
B. L. Robinson.
