My dear Mr. Collins:--

I thought you would like to know that we were getting on well with the preliminary work for the June meeting. I am hoping that you and Mr. Chamberlain will have something for us. If I understood Mrs. Britton she has already written you and gotten some promise but just what I do not know. Dr Grout said yesterday I had better write you so that there would be no mistake. You will both be at the meeting will you not ?

Please let Mr. Chamberlain share this with you as time is pressing.

Ever sincerely,

Annie Morrill Smith.
