

15 Ellery St., Cambridge, Mass.

Feb. 23, 1901.

My Dear Collins:-

I found out from Dr. Parker about the man in Providence who sharpens microtome knives. His name is Mr. Hugo Hunold in Westminster St., I believe. He is therefore the man whom you had in mind. Think I shall send him down a knife or two to see what he can do. If he can do satisfactory work he will be a real find.

Please excuse the underlying yellowness of this letter and believe me

Sincerely Yours,

Rooney & True,

True, Rodney H. 1901. "True, Rodney H. Feb. 23, 1901." *James Franklin Collins correspondence*
