

Thank you for looking up the Haberman matter
for your suggestions as to possibly getting it
I made notes on my calendar with reference
to following it up next season.

It is very good of you to suggest the possibility
of your joining me & it would be a pleasure to
undertake the mission under such welcome guidance.

I find pleasure in thus following up particulars
things. They make a good objective - & even if that
is not realized there are pretty likely to be a lot of
incidental things. I'll have them in mind next
summer - and maybe can follow it up.
I infer from what you write "that about Aug. 1st" would
be the proper time - Cordially, I am Robert Allaire
