My Dear Dr

Last night I received a note from Prof Baird informing me that I am appointed Botanist to the Behning Straits Expedition and that my orders will be sent on so soon as they know my address

The expedition will sail in January — so it is no matter how soon you send me what money you can without inconvenience to yourself procure for me and I shall really need more than I would have desired if I had returned to Texas. It is desirable to provide many things for the whole three years such as shoes and other articles of clothing I believe I wrote you that I shall probably get

none of my pay - I may however
Can you suggest any books for
me as a supplement to the Candolle

If you could give me a check on
a New York bank perhaps I could
get gold more conveniently than
with one on Charles River bank
Would British be of much use
to me?

Let me hear from you as soon
as convenient

Yours truly
Chas Wright
