

perhaps you had better send
as you did the first. I can
get it casted

Yours truly
Chas Wright

very
happily
yours very truly

P.S. My brother writes that
two leaves in my Dictionary
are duplicated & two missing.
What is best to be done about it?

My Dear Dr

So you think I am
dilly-dally-ing. Well you
are not Col Graham nor
May Emory nor Com. Ring-
gold nor even Dr Baker
You are so far off that the
edges & corners of your grum-
bling are a little worn off
before it reaches me. Per-
haps mine suffers the same
attrition on its way to you.
I wrote to you a few days
since by a vessel for N.
York & had hardly deliv-
ered

my letter to the Capt before
I received yours of the 7th ult
It gives me the information
I wanted relative to the ap-
propriation. I hope you
will get communication
with the firm of Allen -
Novelty Works - but Mr
Allen himself is at Leobere
I suppose & I fear your
letter will go there before
you will have an answer
I have a part of the paper
last sent (the remainder is at
Leuba) It is a little too
large but perhaps I can
make it serve

I have made a small begin-
ning among the bird - saved
nine. They are not so nice
as to excite envy in a tax-
idermist but they may serve
Birds purpose. I shall not
spend many days at it -
probably. I think I'll go
soon to Mount Liban &
Mount Taurus. Perhaps I'll
find some one making a "fois
neuf" There are my best fields
now till I can get into
the interior. A party of
gentlemen started lately to
explore Turquinn. I heard
of it too late to join them
If you haven't sent me
money when you got this
