

Monte Verde  
July 10th 1860

Dear Dr.

I was almost in despair of hearing from you again your last previous letter bearing date May 9th when this evening came yours of 18th from me the blank leaf of Prof F's circular.

I thought I had found something when I lighted upon Prof. Michell's Well at any rate it is not a common thing here for I never saw it before & its no great blunder to suppose it Rubaceous with only difficulty to study it with.

For some time past you must have received letters from me thick & fast - direct or via Mather's, Washington, New York &c. Well you must know ere this that the money all came to hand but you may not know that I have made a considerable hole in it already & am not yet away to Mayari. I had hoped to be off about the first inst but just

and  
Linnell  
July 10th

then Mr Denon on whom I was depend-  
ing for pilotage was detailed to super-  
intend a working party sent to finish  
a bridge at Saltadero. Meantime I  
went to the seashore to collect plants  
shells &c. leaving my horse in his care.  
While gone somebody stole my saddle  
& I had to buy another at \$20. I  
gave \$7 for an umbrella & or nearly  
that for shoes & every thing else in  
like proportion. I was in debt to  
when the money arrived so that on  
taking account I find them  
reduced to about \$17.50. I shall  
have to buy me another horse for  
I discern plainly that it will  
be imprudent to set out with  
the one I have. I shall have to  
give well on to \$100 for him  
Then a guide will cost me say  
\$20 more so that by the time I  
reach Mayari I shall not feel  
rich — less danger perhaps of being  
robbed. But once at M. I shall

be quiet for a time & I hope my  
expenses will not be great but  
I shall probably have to pay  
my board for there are no M. Tents  
Filantropias &c there — nothing but  
Habro — little stock-raising estab-  
lishments. But when the money lasts  
three or four days ride will take me  
to Cuba or here & at either place  
I can borrow money for present neces-  
sity. Perhaps I can get my  
horse by paying a portion of the  
price. I'll try. I think it will be  
well for you to send me another  
\$100. I made a nice little collec-  
tion of plants at the Harbor Guan-  
dians & designed to spend another  
day between Saltadero & that place  
but the loss of my saddle broke up  
my arrangements.

I hope to get off this week or  
early the next.

Very truly Yours  
John Wright
