

San Luis Potosi,

23, August, 1891.

Dear Dr. Watson:

Thanks for your note of the 14th. Please send the amount from Baron M. to my home address (the same as though I were there) and my agent will take care of it. In Laredo on the 11th inst. I mailed to you my first sending of coll. of 1891, all except grasses and ferns. Last year Dr. Britton seemed less interested than formerly in my Cyperaceae, so I am sending these to you this year.

I am quite well, and am working hard as ever. Have made 19 trips of two days each out on the Tampico road, and find as much to gather as I did last year. But I must not run now into other states.

Yours faithfully,

C. G. Fernald.
