Dr. Richard E. Schultes
Instituto de Ciencias Naturales
Bogota, Colombia

Dear Dick:

It has been some time now since we have heard from you and we wonder if everything goes along smoothly. The last time you wrote you were going within a few days to Putomayo. I think that Dr. Mangelsdorff told me that you were planning to come back to Clara's wedding which he thinks will be but a short time now.

Everything goes along smoothly here at the museum, and none of us have been taken into the army. Vestal has a job down at a small college in Florida, a three year contract. Darrah, as you probably know, will not teach Biology D next year; so far as he knows he will be around the museum.

With my regards I am

Sincerely,

LOW/cl
