

June 3d. 1920

Dear Mr. Schlechter:

Just a line to ask if you have an extra copy of your *Orchidees de Madagascar* (Ann. Mus. col. Marseille) that you can spare. I want the plates for my herbarium. In fact any duplicate plates that you can spare will be most welcome.

I have much to say in reply to your last letter, but at this writing I am too much pressed to go into details. I am in perfect agreement with you and quite ready to go ahead with the joint work although I am afraid that my contributions will be slow, at least for the present. I may start *Calopogon* and a few small genera for a beginning. I am getting together material for *Spiranthes*.

I wish we could talk over the financial situation face to face. It seems to me that I could make many things possible.

Yours in haste
Oakes Ames
