Mr. C. M. Lankester
Las Concavas
Cartago, Cost Rica

Dear Mr. Lankester:

Several days ago I received a small package from you containing an orchid plant and the fruiting material of some other plant.

The orchid is rather an interesting looking one, but unfortunately we could find no flowers on it. It is not recognized by anyone here, even as to genus. What do you wish me to do with the other material? I presume that Stanley or someone at the Gray Herbarium could do it if you wish me to send it on.

With my regards I am

Sincerely,

LOW/cl
