

Cambridge

Nov. 7.

1897.

Dear Doctor,

I send the
circular I spoke
of which you can
return when you
are done with it.
Did I ever send
you a specimen
of *Anomodon*
obtusifolius collected
last year at
Lake Dunmore N.?

If so, I should
say that the specimen
is probably incorrect
because, in looking
at one of my own
specimens, I find
that it is really
Fissidens adhaerens.

Yours, truly,

W. G. Farrow.
