

to him I wished to  
ask you whether  
any sum from \$200  
- \$400 would induce  
him to work for us  
say for six months  
2 or 3 days a week.  
What is his address?  
What would you  
advise me to do  
in his case?

Yours, truly,

N. G. Farlow.

I leave for Shelter Island  
Wednesday or Thursday  
my address there  
will be Shelter Island  
Heights, N. Y. N. G. F.

Cambridge  
Aug. 17,  
1900.

Dear Dr. Kennedy,

I am sorry to  
hear that you have  
not a set of  
Renault & Cardot's  
mosses. I shall  
try to get a set but  
suppose that it will  
be very difficult  
if not impossible.  
I am rather surprised  
that they did not  
buy a set at the

Herbarium since  
Robinson used to  
order important sets.

No Shelter Island  
is not on the Coast  
of Maine nor did  
I find it at all  
cool there last  
week. It is on the  
east end of  
Long Island between  
Peconic and Gardiner  
Bays close to Greenport  
and Long Harbor. My  
wife's mother  
inherited 2000 acres  
there and Mrs Horsford  
is at the family

house; Sylvester  
Mann, nearly 200  
years old.

I find that I  
may have money  
enough to employ  
some one to arrange  
James mosses and  
other mosses this  
autumn and have  
thought that perhaps  
I could get Collins  
for certain days in  
the week if he is  
not to be employed  
at Brown all the  
time. Before writing
