

4 BRICE LAY STREET
CAMBRIDGE, MASS. U.S.A.

Feb. 5 1915

My dear Dr. Kennedy

You have given me much pleasure by your thoughtful courtesy in sending me a copy of your "Class of 1864", and I thank you sincerely for the book. It comes at a good time.

For some days I have been much depressed by the loss of my most intimate friend, Professor Brackett of Princeton University. He and I were associated in medical studies in the early Sixties and then were professors together in Brunswick. He left for Princeton on the same date that I left for Cambridge. We have made two journeys together through Europe, and we have gone hand in hand in many enterprises. His sudden death leaves a great gap in my life. From him I received a fine

affectionate letter only a few
days before his last attack of
angina pectoris.

And so you see, your
book has come in just the
right time.

This capricious weather
has prevented my carrying out
a cherished plan of going over to
call on you in Milton, but it is
just as well that you haven't been
depressed by seeing my long face.

I am glad to report the
family and the branch families
as well, and I hope that you
all are in good health. Give my
regards to all. Yrs. with

affectionate greetings

George Smith Goodale
