

A. A. HELLER, Botanist,
411 WEST WALNUT STREET, LANCASTER, PA.,
U. S. A.

March 18, 1896

Dear Sir:

Thanks for the \$2.16, just received.

I was eight months in the Islands and collected about 30 species of mosses. I had paid especial attention to them, many more could have been found.

Dr. Small is determining them, and will publish them later, also probably illustrate the new species.

An account of my trip will appear during the year in Minnesota Botanical Studies, and if you do not get that publication, I will be pleased to send you a copy. Let me know whether you get it.

Yours very truly,
A. A. Heller.
