

Tree Warden.

Milton, 13 October, 1911.

George G. Kennedy, M.D.,

Readville, Mass.

Dear Doctor Kennedy:

The other day I spoke to you of Dr. Howard's pamphlet on the importation of the parasite of the gypsy moth. I find that the first supply is exhausted, and they tell me at the office here that one copy was sent to the Milton Public Library, where I think you would be able to borrow it, and I am quite sure that you would find it both interesting and valuable. It is published "Bulletin 91, Bureau of Entomology," and should have been received at the library within the last six or seven days.

Sincerely yours,

Antoni L. Kieckhefer
