Mr. George G. Kennedy,

Readville, Mass.

Dear Mr. Kennedy:

I am just in receipt of a copy of your paper upon "The Flora of Willoughby, Vermont". This is an article which I have wanted for a long time, but did not suppose it could be obtained. I thank you very much indeed for this, as I am much interested in publications relating to the flora of Vermont. I especially hope to use this on a visit to that section.

Very sincerely yours,

Perley Spaulding
Pathologist.
