

TO NORTH AMERICAN BOTANISTS.

Orders continue to come in for my Herbarium List of North American Plants, the first edition of which has been exhausted for some time. I have therefore decided, if enough subscriptions are received in advance to insure payment for the labor, to issue another edition of the list, corrected, and with some changes. The same type will be used, the genera and species will be placed in alphabetical order, both species and varieties will be numbered, and an index to the genera will be given. The list will be issued in two forms, as follows:

HERBARIUM CHECK-LIST.

Designed specially for checking the specimens in one's own herbarium. Printed on heavy sized and calendared paper and bound in cloth. Price per copy.....\$1.50

CHECK-LIST FOR MAILING.

Printed from the same forms on paper of the same quality but considerably lighter. Bound in paper covers. Price per copy.....75 cents.

Copies of either edition printed on one side of the paper only, if desired, for 25 cents extra.

I hope to receive a subscription from you for one or both editions.

GENUS LABELS.

Sample sheet herewith of my Genus Labels. If not already provided with something of the kind, you will find them convenient for genus covers, plant-case doors, etc. A set consists of 3 labels for each genus and 6 to 15 extra labels for each of the large genera—in all over 5,000 labels, for about 1,670 North American genera. The labels are in sheets, like enclosed sample. Price per set, \$1.75. Labels cut apart, if desired, for 30 cents extra. If you need but a few, one-third of the set will be furnished for 60 cents.

ORDER LABELS.

Sample enclosed; price 15 cents per set—one for each Order.
