

Middlebury Vt. June 3. 1915-

Dear Mr. Deane

I am sorry to learn that I shall miss seeing you, if I do not get to Cambridge before next week. But before you go, please look again at the sheet of V. pubescens that you had from West Roxbury - one from the wild & one from the garden - & give me the number of teeth on the lower stem leaves of each. I am planning to write this up soon, & find I failed to make a minute of this data before returning specimens to you. Hope you will have a good summer in Shelburne.

Yours sincerely E. Brainard.
